INTRODUCTION

In 1668, merchant and ship-owner John Turner built a house on Salem Harbor that was destined to become one of America’s most beloved historic homes. Designated a National Historic Landmark District in 2007, The House of the Seven Gables is best known today as the setting of world-renowned American author Nathaniel Hawthorne’s 1851 novel.

In 1910, Salem philanthropist Caroline Emmerton restored the house and opened it to the public as a museum, using proceeds from ticket sales specifically to fund settlement work that benefited immigrant families. Over a century later, The House of the Seven Gables Settlement Association is dedicated to continuing Emmerton’s vision.

The Mission of The Gables is to be a welcoming, thriving, historic site and community resource that engages people of all backgrounds in our inclusive American story.

The Vision of The Gables is to preserve, share and continue the American story.
